

ENGINEERED FRENCH OAK FLOORING THAT IS BOTH EXPRESSIVE AND ELEGANT, EXHIBITING A HIGHLY FEATURED OAK SURFACE

A DURABLE, HARDWEARING FRENCH OAK FLOOR AVAILABLE IN A FULL PRE-FINISHED FORM ALLOWING EASE OF INSTALL WITH A GREATER CHOICE ON COLOURS

Elegant Oak by NS Timber Flooring

Engineered Oak Timber Flooring

Elegant Oak is a beautiful engineered timber flooring product produced from French Oak. Elegant Oak is pre-finished and available in a range of colours, enriching any decor.

Available in two board thicknesses, 12mm and 15mm, these individual boards feature a 2mm (12mm boards) and 4mm (15mm boards) wear layer with an engineered substrate which enhances the performance of the floor and ensures it is long wearing, stable and durable. The boards are coated in a German UV cured lacquer for greater surface protection.

This product is also great for DIY installations in that you can handle engineered timber flooring installs in sections rather than having to do it all at once. It can be applied to walls as well as your floors, creating an amazing feature. You can also do it while still living in the house and even using the same room to an extent. It's easy to install and creates minimal mess.

Pre-finished Colour Options

Elegant Oak is available in seven different colour options.

Smoudered

Bateau

Vintage

Slate Grey

Natural

Whitewash

Burnt Umber

Features and Benefits

- Genuine French Oak veneer
- Excellent wear resistance and backed by 25 years warranty
- Easy to install, suitable for do-it-yourself
